Subject No. 206
Establishment of new dispensaries.

Summary of discussion.—Dispensaries are badly required at Balehonnur, Balur and Santaweri and may be ordered to be opened as early as practicable.

Reply of Government.—Referred to the D. F. Board and the Senior Surgeon, whose attention the question is understood to be engaging.

Subject No. 207
Increase of village schools.

Summary of discussion.—The number of village schools in the district should be increased and the pay of masters employed therein raised, especially in the Malnad.

Reply of Government.—Additional schools are being established and the pay of existing masters raised as far as possible.

Subject No. 208
Addition to Malnad hoblis.

Summary of discussion.—Lakkavalli and Lingadahalli are the only hoblis of Tarikere Taluk which are regarded as Malnad. The Amrutapur and Tarikere hoblis which adjoin the Lakkavalli and Lingadahalli hoblis and which contain many wet and garden lands and extensive jungles should also be considered as Malnad.

Reply of Government.—Referred to Deputy Commissioner for enquiry.

Subject No. 209.
Bringing of timber from District jungles of other villages.

Summary of discussion.—The raiyats of certain villages are not allowed timber for building purposes on the ground that those villages have no jungles attached to them. In the Tarikere taluk, the assignment of jungles to villages has not been made; and till this is done, the raiyats should be allowed to bring timber from District jungles as usual.

Reply of Government.—The rules do not seem to require any modification. The Deputy Commissioner will enquire into individual complaints, that may be made to him.

Subject No. 210
Entertainment of Breach of Contract Cases by 3rd Class Magistrates and trial thereof by an Assistant Commissioner.

Summary of discussion.—When there is no 2nd class Magistrate available in the taluk, the 3rd class Magistrate should be ordered to entertain complaints under the Breach of Contract Act and to issue warrants. An Assistant Commissioner should be ordered to hold court at Tarikere once a month to dispose of those cases.

Reply of Government.—The present Amildar is a 2nd Class Magistrate; no other arrangement is called for.

Subject No. 211
Retention of the Establishment at the Tarikere chattram.

Summary of discussion.—With the exception of a cook and sweeper, the establishment at the Tarikere feeding chattram has been done away with. The appointment of a mutsaddi for keeping accounts, and for attending to the comforts of travellers appears indispensable and may be sanctioned.

Reply of Government.—Dharmadarsis have been appointed and satisfactory arrangements made.
